Alfresco 64

A CHIVAS BAR

Jutting into air, 800 feet above the ground, Alfresco 64 – A Chivas Bar, the highest outdoor whisky bar in the world, offers connoisseurs and luxury jetsetters the ultimate whisky drinking experience along with stunning aerial views of the skyline and the Chao Phraya River.

Drawing inspiration from the sleek lines of a luxury yacht, the bar is divided into three parts with the first section, an indoor area exquisitely designed to resemble an opulent yacht cabin, featuring lacquered rosewood flooring and sunken seating, the Heritage Room, specially created for VVIPs or for private parties and whisky tastings.

Resembling the prow of a yacht, the outdoor area juts out over the side of the building. It features comfortable couches and chairs, teak flooring, while a glass railing all along the edge allows for magnificent views of the Chao Phraya River as you sip your drink of choice.

The whisky degustation experience at the ultra-luxury bar includes signature Chivas Regal blends as well as other premium whiskies. Connoisseurs can also enjoy the one-of-a-kind limited edition “Chivas Exclusive lebua Blend”, the first time that Chivas Regal has created one exclusively for a partner.

“True to lebua fashion, Alfresco 64 is not following other trends — that of conventional whisky bars — but instead forging in a different direction, setting an altogether new trend” — Prestige Thailand magazine.

Voted Most Instagrammable Rooftop Bar in the world by Travel Agent Central readers in 2017.
