

About lebua Corbett

lebua Corbett's 44 villas, suites and residences are situated in the lush valley of Bhakrakot adjoining Corbett Reserve Forest. All rooms and suites are air-conditioned and include private outdoor seating areas and balconies. The resort is set amongst 9 acres of verdant forest and offers an exquisite vacation and wildlife experience in an eco-friendly environment. Experiences available to guests at lebua Corbett include access to tailored tour packages including safaris, nature trails, village tours, hiking, photography, birding tours, mountain cycling and local cultural tours. Corbett National Park is one of the oldest and largest national parks of India and was the first Tiger Reserve under Project Tiger launched by the Government of India. The most famous of Corbett's wild residents are the Royal Bengal Tiger and the Asiatic Elephant. In addition to that, with over 550 species of avifauna, Corbett is one of the richest bird regions of the country and has been declared as an 'Important Bird Area' (IBA) by Birdlife International. The wildlife in Corbett National Park comprises of about 50 mammal species, 580 bird species, 25 reptile species and 110 tree species.
