## PINK BAR

Pink Bar, like a femme fatale, is feminine, exclusive, mysterious... and always fun. Pink Bar welcomes you like a loving hug. Soft pink velvets and curvaceous lines draw you inside. Maybe you're here to make a night of it. Or maybe you are here to watch the sky turn the colour of pink champagne as the sun sets and the curtain raises on Bangkok's theatre of lights...

With a sexy and luxurious hors d'ouvres menu created specially by Michelin Chef, Vincent Thierry. Rare Champagne's flagship bar is the only place in Thailand to enjoy Rare by the glass. From the moment the cork hisses from its home; effervescence rustles like silk. It makes demands on your tongue: intense, complete, sharp, rich – cheeky. Pink Bar's towering Champagne cellars hold truly exceptional Champagnes. Love and passion in every bottle waits to be poured into your glass.
