MEZZALUNA
by lebu a

Throughout the ages, grape cultivation has been an integral part of civilizations. Today, there exist over 10,000 grape varieties worldwide, each with its own distinctive names.

While terroir significantly influences the taste of wine, the essence lies within the grape itself. Some winemakers choose to work with a single grape variety, while others embrace the art of blending. Yet, all of them, from seed to bottle, infuse their passion, resulting in a remarkable mosaic of aromas.

At Mezzaluna, we made a deliberate choice to center our wine selection solely on grape varieties, rather than their specific terroir of origin. This wine list has been thoughtfully crafted to showcase the remarkable diversity of grape cultivars found on our planet.

We hope you will have as much fun reading it, as we have created it.
